

PRODUCT CATALOGUE OFFICE SUPPLIES

ПРОДУКТОВ КАТАЛОГ ОФИС КОНСУМАТИВИ

“Evro-Trade M” Ltd. was established in 1996. It specialises in the production and printing of white and colored self-adhesive labels, widely used for product identification in the food industry, transport and logistics. The labels are mainly produced on roll and are intended for use by barcode printers, label scales, manual and automatic applicators, price guns and for hand sticking. The products are made of high quality materials – matte, glossy, PE, PVC, PET, resistant to moisture, high and low temperature. The company works mainly with “Torras Papel”-Spain and each one of the products is accompanied by the certificates needed.

The production is focused on five directions:

- 1. Flexography (“Flexo” printing).*
- 2. Production of office supplies - A4 format self-adhesive labels, price labels, student labels, price guns, self-adhesive and glossy pads for application.*
- 3. Color labels for the food industry.*
- 4. Printing of medical packages.*
- 5. Packages made of aluminum foil and foil for butter.*

Our company is certified in conformity with ISO 9001:2015 and medical insurance of sterilization ISO 11607-1.

Since 2005 the products are presented under trade brand “FLEKS-KO”. “FLEKS-KO” is the only one producer of A4 format self-adhesive labels for inject and laser printers on the Bulgarian market. The company has a large range of standard sizes and labels for multimedia. Non-standard labels are produced also according to client's project.

Propriety and flexibility in finding solutions for each customer is our main priority. We work fast and we do not compromise with quality and high standards.

We are able to offer a lot and we are always ready for collaboration.

„Евро-Трейд М“ ООД е създадена през 1996г. Специализира в производството и печат на бели и цветни самозалепващи етикети, с широко приложение за идентификация на продуктите в хранително-вкусовата промишленост, транспорта и логистиката. Етикетите основно се произвеждат на ролка и са предназначени за използване от баркод принтери, етиктиращи везни, ръчни и автоматични апликатори, маркиращи клеци и за ръчно лепене. Продуктите са изработени от висококачествени материали - мат, гланц, PE, PVC, PET, устойчиви на влага, висока и ниска температура. Фирмата работи главно с „Торас Папел“-Испания, и всеки един от продуктите е придружен с нужните сертификати.

Производството е фокусирано в пет посоки:

- 1. Флексо печат.*
- 2. Производство на офис консумативи - самозалепващи етикети, формат A4, ценови етикети, ученически етикети, етикети за маркиращи клеци, самозалепващи и гланцови блокчета за апликация.*
- 3. Цветни етикети за хранително-вкусовата промишленост.*
- 4. Печат на медицински опаковки.*
- 5. Опаковки от алуминиево фолио и фолио за масло.*

Компанията е сертифицирана по система за управление на качеството ISO 9001:2015 и медицинска застраховка за стерилизация ISO 11607-1.

От 2005г. продуктите се представят под търговска марка – “FLEKS-KO”. “FLEKS-KO” е единственият производител на българския пазар, предлагащ самозалепващи етикети, формат A4, за мастилено струйни и лазерни принтери. Фирмата разполага с голямо разнообразие от стандартни размери и етикети за мултимедия. Изработват се и нестандартни, по проект на клиента.

Коректност и гъвкавост в намирането на решения за всеки клиент, са нашите главни приоритети. Работим бързо и не правим компромиси с качеството и високите стандарти.

Способни сме да предложим много и сме винаги готови за сътрудничество.

How to download and use our templates in MS Word format (.dot) on www.fleks-ko.com

1. Choose desired label dimensions
2. Click on its picture - In the download dialog box that appears, click Save and choose the destination where you want to save the file.
3. After the download is completed, locate and double-click the "Ref.No.xxxx.dot" file to start.
4. You are ready to fill in the labels cells and print the document on any laserjet printer, inkjet, matrix or copier.

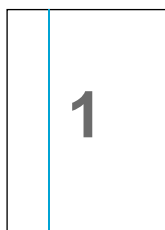

Как да изтеглите и използвате нашите шаблони в Word MS формат (.dot) на www.fleks-ko.com

1. Изберете желаният размер на етикета
2. Щракнете върху картинката - В диалоговия прозорец, който се появява, щракнете върху Запиши/Save и изберете място където искате да запишете файла.
3. След приключване на изтеглянето, намерете и щракнете двукратно върху "Ref.No.xxxx.dot" файла, който сте изтеглили за да започнете.
4. Вие сте готови за попълване на нашата бланка и отпечатването ѝ на всеки лазерен, мастилено-струен или матричен принтер.

- Max. 102 mm / Sec Printing Speed
- 16 MB DRAM and 8 MB Flash ROM
- EZPL, GEPL and GZPL Support
- RS232C, USB 2.0 and Ethernet Port

Средно ниво баркод принтер

- **Термо и термодиректен печат**
- Резолюция: 300/203 DPI
- Макс. ширина на печат: 105,7 мм
- Макс. дължина на печат: 762 мм
- Макс. скорост на печат: 102 мм/сек
- 16 MB DRAM и 8 MB Flash ROM
- EZPL, GEPL и GZPL поддръжка
- RS232C, USB 2.0 и Ethernet вход

Godex EZ-2200/2300 Plus

Industrial Barcode Printer

- Direct Thermal And Thermal Printing
- 203/300 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 4572/2159 mm Printing Length
- Max. 177 mm/150 / Sec Printing Speed
- 16 MB DRAM and 4 MB Flash ROM
- Automatic self adjustment for coated inside/outside ribbons
- Multifunction Panel with back-lit LCD display for easy user interface and operation
- RS-232C, USB and Ethernet Port

Индустриален баркод принтер

- Термо и термодиректен печат
- Резолюция: 203/300 DPI
- Макс. ширина на печат: 104 мм
- Макс. дължина на печат: 4572/2159 мм
- Макс. скорост на печат: 177/150 мм/сек
- 16 MB DRAM и 4 MB Flash ROM
- Автоматична самонастройка за IN/OUT карбонови ленти
- Мултифункционален, задно осветен, LCD дисплей за лесен потребителски интерфейс и експлоатация
- RS-232C, USB и Ethernet вход

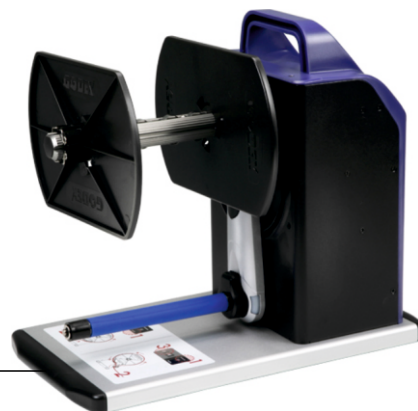

Godex T10

External Label Rewinder

- Automatic Speed Control
- In or Out Rewinding
- 203 mm roll outside capacity
- Supports three core size
- Can work with all brand barcode printers

Външна пренавивачка

- Автоматичен контрол на скоростта
- In или Out пренавиване
- 203 mm външен капацитет на ролката
- Поддръжка на три размера шпули
- Може да работи с всички марки баркод принтери
