

PRODUCT CATALOGUE

PRINTERS

“Evro-Trade M” Ltd. was established in 1996. It is specialized in production and printing of white and colored self-adhesive labels which are widely used for product identification in the food industry, transport and logistics. Labels are mainly produced on roll and are intended for use by barcode printers, label scales, manual and automatic applicators, price guns and for hand sticking. The products are made of high quality materials – matte, glossy, PE, PVC, PET, resistant to moisture, high and low temperature. The company works mainly with “Torras Papel”-Spain and each one of the products is accompanied with needed certificates.

The production is focused on five directions:

- 1. Flexography (“Flexo” printing).*
- 2. Production of office supplies - A4 format self-adhesive labels, price labels, student labels, price guns, self-adhesive and glossy bars for application.*
- 3. Color labels for food industry.*
- 4. Printing of medical packages.*
- 5. Packages made of aluminum foil and foil for butter.*

Our company is certified in conformity with ISO 9001 and medical insurance of sterilization ISO 11607-1.

Since 2005 the products are presented under trade brand named “FLEKS-KO”. “FLEKS-KO” is the only one producer on Bulgarian market which offers A4 format self-adhesive labels for dot matrix, inject and laser printers. The company has big range of standard sizes and labels for multimedia. Not standard are produced too according to client's project.

Propriety and flexibility in finding solutions for each customer are our main priorities. We work fast and we do not compromise with quality and high standards.

We are able to offer a lot and we are always ready for collaboration.

„Евро-Трейд М“ ООД е създадена през 1996г. Специализирана е в производството и печат на бели и цветни самозалепващи етикети, с широко приложение за идентификация на продуктите в хранително-вкусовата промишленост, транспорта и логистиката. Етикетите основно се произвеждат на ролка и са предназначени за използване от баркод принтери, етиктиращи везни, ръчни и автоматични апликатори, маркиращи клеци и за ръчно лепене. Продуктите са изработени от висококачествени материали - мат, гланц, PE,PVC, PET, устойчиви на влага, висока и ниска температура. Фирмата работи главно с „Торас Папел“-Испания, и всеки един от продуктите е придружен с нужните сертификати.

Производството е фокусирано в пет посоки:

- 1. Флексо печат.*
- 2. Производство на офис консумативи - самозалепващи етикети, формат А4, ценови етикети, ученически етикети, етикети за маркиращи клеци, самозалепващи и гланцови блокчета за апликация.*
- 3. Цветни етикети за хранително-вкусовата промишленост.*
- 4. Печат на медицински опаковки.*
- 5. Опаковки от алуминиево фолио и фолио за масло.*

Компанията е сертифицирана по система за управление на качеството ISO 9001 и медицинска застраховка за стерилизация ISO 11607-1.

От 2005г. продуктите се представят под търговска марка – “FLEKS-KO”. “FLEKS-KO” е единственият производител на Българския пазар, предлагащ самозалепващи етикети, формат А4, за матрични, мастилено струйни и лазерни принтери. Фирмата разполага с голямо разнообразие от стандартни размери и етикети за мултимедия. Изработват се и нестандартни, по проект на клиента.

Коректност и гъвкавост, в намирането на решения за всеки клиент, са нашите главни приоритети. Работим бързо и не правим компромиси с качеството и високите стандарти.

Способни сме да предложим много и сме винаги готови за сътрудничество.

ARGOX
Empower the Barcode

Argox OS-2103D

OFFICE TYPE BARCODE PRINTER

- Direct Thermal Printing
- 203 DPI Printing Resolution
- Max. 72 mm Printing Width
- Max. 2540 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM, 4 MB Flash ROM
- PPLA and PPLB Support
- Internal Real Time Clock
- Tear off bar Built-in
- RS-232C, USB port and Cash Drawer Port

Argox OS-214 Plus

OFFICE TYPE BARCODE PRINTER

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 2540 mm Printing Length
- Max. 76 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- PPLA and PPLB Support
- Tear off bar Built-in
- RS-232C, USB port and LPT Port

Argox A-2240

OFFICE TYPE BARCODE PRINTER

- Direk Termal / Termal Transfer
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 2540 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM, 4 MB Flash ROM
- PPLA, PPLB ve PPLZ Support
- RS-232C and USB port

Argox A-2240

OFFICE TYPE BARCODE PRINTER

- Direk Termal / Termal Transfer
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 2540 mm Printing Length
- Max. 127 mm / Sec Printing Speed
- 8 MB DRAM, 4 MB Flash ROM
- PPLA, PPLB ve PPLZ Support
- RS-232C and USB port

Argox CP-2140

OFFICE TYPE BARCODE PRINTER

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 2540 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- PPLA and PPLB Support
- A variety of paper sensor system for diverse applications
- Ribbon wound ink-side out or ink-side in available
- Four Auto-Calibration Modes
- Printing noise improved
- LPT, RS-232C and USB Port

Argox X-1000VL

Industrial Barcode Printer

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 1270 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- PPLA and PPLB Support
- LPT, RS-232C and USB Port

Argox X-2000V

Industrial Barcode Printer

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 1270 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- PPLA, PPLB and PPLZ Support
- LPT, RS-232C, USB and PS/2 Port
- PS/2 interface for standalone operation
- For heavy duty labeling demands

Argox A-2240

Industrial Barcode Printer

- Direct Thermal And Thermal Printing
- **300 DPI Printing Resolution**
- Max. 104 mm Printing Width
- Max. 1270 mm Printing Length
- Max. 127 mm / Sec Printing Speed
- 16 MB DRAM and 8 MB Flash ROM
- PPLA and PPLB Support
- LPT, RS-232C, USB and PS/2 Port
- PS/2 interface for standalone operation
- For heavy duty labeling demands

Argox G-6000

Industrial Barcode Printer

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- **Max. 160 mm Printing Width**
- Max. 762 mm Printing Length
- Max. 152 mm / Sec Printing Speed
- 2 MB DRAM and 1 MB Flash ROM
- PPLA Language Support
- LPT and RS-232C Port
- For heavy duty labeling demands

Argox AME-3230B

Portable Barcode Printer

- **Direct Thermal Printing**
- 203 DPI Printing Resolution
- Max. 72 mm Printing Width
- Max. 1016 mm Printing Length
- Max. 76 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- PPLZ Language Support
- Battery operation for eight hours on single charge
- IrDA, USB and RS-232 interfaces as well as **Bluetooth** connectivity
- Print to the sticky labels

Godex EZ-1105

Entry Level Barcode Printer

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 108 mm Printing Width
- Max. 1727 mm Printing Length
- Max. 100 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- EZPL, GEPL and GZPL Support
- Detachable top cover for kiosk and other special applications
- USB Port

Godex G300

Entry Level Barcode Printer

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 108 mm Printing Width
- Max. 1727 mm Printing Length
- Max. 100 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- EZPL, GEPL and GZPL Support
- RS232C, USB 2.0 and EthernetPort

Godex EZ-1100Plus

Intermediate Level Barcode Printer

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 108 mm Printing Width
- Max. 1727 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- EZPL, GEPL and GZPL Support
- LPT, RS232C and USB Port

Godex EZPi-1300

Intermediate Level Barcode Printer

- Direct Thermal And Thermal Printing
- 300 DPI Printing Resolution
- Max. 105,7 mm Printing Width
- Max. 762 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 8 MB DRAM and 4 MB Flash ROM
- EZPL, GEPL and GZPL Support
- 300 Meter Ribbon Capacity
- PS2 keyboard connection for standalone applications
- Adjustable, auto-adapt sensor
- User panel with backlit LCD display
- LPT, RS232C, USB, Ethernet and PS/2 Port

Godex G530

Intermediate Level Barcode Printer

- Direct Thermal And Thermal Printing
- 300 DPI Printing Resolution
- Max. 105,7 mm Printing Width
- Max. 762 mm Printing Length
- Max. 102 mm / Sec Printing Speed
- 16 MB DRAM and 8 MB Flash ROM
- EZPL, GEPL and GZPL Support
- RS232C, USB 2.0 and Ethernet Port

Godex EZ-2200 Plus

Industrial Barcode Printer

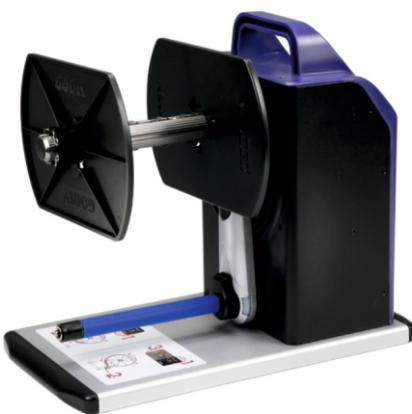

- Direct Thermal And Thermal Printing
- 203 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 4572 mm Printing Length
- Max. 177 mm / Sec Printing Speed
- 16 MB DRAM and 4 MB Flash ROM
- Automatic self adjustment for coated inside/outside ribbons
- Multifunction Panel with back-lit LCD display for easy user interface and operation
- RS-232C, USB and Ethernet Port

Godex EZ-2300 Plus

Industrial Barcode Printer

- Direct Thermal And Thermal Printing
- 300 DPI Printing Resolution
- Max. 104 mm Printing Width
- Max. 2159 mm Printing Length
- Max. 150 mm / Sec Printing Speed
- 16 MB DRAM and 4 MB Flash ROM
- Automatic self adjustment for coated inside/outside ribbons
- Multifunction Panel with back-lit LCD display for easy user interface and operation
- RS-232C, USB and Ethernet Port

Godex T10

External Label Rewinder

- Automatic Speed Control
- In or Out Rewinding
- 203 mm roll outside capacity
- Supports three core size
- **Can work with all brand barcode printers**

Godex

Label Roll Holder

- Use with labels from 1" to 4.5" width
- Works with 1" to 3" inner core diameters
- Maximum label roll up to 10" diameter
- **Can work with all brand barcode printers**

Zebex Z-3220

CCD Barcode Scanner

- 1D CCD barcode scanner
- Advance image Capture technologies
- Light weight, ergonomic design
- 32 Bit Microprocessor
- 150 scan per second
- 0,1 mm (4 mil) resolution
- 0 ~ 50 mm scanning distance
- PS/2, RS-232C, USB-HID, USB Virtual COM, Wand, Opos and Jpos interface options

Zebex Z-3100

CCD Barcode Scanner

- 1D CCD barcode scanner
- Light weight, ergonomic design
- 32 Bit Microprocessor
- 330 scan per second
- 0,1 mm (4 mil) resolution
- 0 ~ 300 mm scanning distance
- USB, PS/2, RS-232C and WAND interface options

Zebex Z-3101

Single Line Laser Barcode Scanner

- 1D Single Line Laser barcode scanner
- Light weight, ergonomic design
- 32 Bit Microprocessor
- 40 scan per second
- 0,127 mm (5 mil) resolution
- 10 ~ 220 mm scanning distance
- USB, PS/2, RS-232C and WAND interface options

Zebex Z-3151HS

Single Line Laser Barcode Scanner

- 1D Single Line Laser barcode scanner
- Light weight, ergonomic design
- Handsfree uses
- 32 Bit Microprocessor
- 500 scan per second
- 0,127 mm (5 mil) resolution
- 35 ~ 220 mm scanning distance
- USB, PS/2, RS-232C and WAND interface options

Zebex Z-3191BT

Wireless Barcode Scanner

- 1D Laser Barcode Scanner
- Wireless (Via Bluetooth) Communication
- Proprietary Ultrascan decoding technologies
- 10 ~ 410 mm scanning distance
- GS1 DataBar decoding capability
- Strong gun type design
- Smart battery charging design
- Flexible communication options
- Support the Windows, BlackBerry, Mac, Android and iPad

Zebex Z-6010

Omnidirectional Laser Barcode Scanner

- 1D Omnidirectional laser barcode scanner
- 20 Number of scan Line
- 1400 Scan per second
- 0 ~ 200 mm scanning distance
- Support both omnidirectional and single-line scanning
- Stand-alone as a hands-free scanner or as a scanning modul

Zebex Z-3060

Omnidirectional Laser Barcode Scanner

- 1D Omnidirectional laser barcode scanner
- 20 Number of scan Line
- 1400 Scan per second
- 0 ~ 200 mm scanning distance
- Support both omnidirectional and single-line scanning
- Stand-alone as a hands-free scanner or as a scanning modul

Zebex Z-6070

Omnidirectional Laser Barcode Scanner

- 1D Omnidirectional laser barcode scanner
- 32 number of scan Line
- 1400 Scan per second
- 0 ~ 216 mm scanning distance
- Support both omnidirectional and single-line scanning
- Dual Laser Engine

Zebex Z-6170

Omnidirectional Laser Barcode Scanner

- 1D Omnidirectional laser barcode scanner
- 20 Number of scan Line
- 1200 Scan per second
- 0 ~ 216 mm scanning distance
- Single-line scanning capability
- Screwless fixing

Zebex Z-3152

2D/Imager Barcode Scanner

- 1D/2D Barcodes support
- Symbol SE-4500 imaging engine
- Automatic distance control
- With stand
- Automatic reading at the stand
- USB Interface

Zebex Z-6112

2D/Imager Barcode Scanner

- 1D/2D Barcodes support
- Powerful image sensor yields advanced scanning performance
- Compact module designed for all kinds of niche applications
- USB Interface

Argox AS-8000

CCD Barcode Scanner

- 1D CCD barcode scanner
- Light weight, ergonomic design
- 100 scan per second
- 0,1 mm (4 mil) resolution
- 0 ~ 150 mm scanning distance
- USB, PS/2 and RS-232C interface options
- Readable under sun light

Argox AS-8150

CCD Barcode Scanner

- 1D CCD barcode scanner
- Light weight, ergonomic design
- 200 scan per second
- 0,1 mm (4 mil) resolution
- 0 ~ 250 mm scanning distance
- USB, PS/2 and RS-232C interface options
- Readable under sun light

Argox AS-9500

2D Barcode Scanner

- 1D Barcodes, 2D Barcodes and OCR support
- Aiming line for easy-of-use in scanning barcode
- Readable under sun light to 100,000 Lux
- Shockproof to 1,8 meters
- IP42 Standart
- USB Interface

Argox AS-8520

Wireless Barcode Scanner

- 1D Wireless Barcode Scanner
- Light Weight, Ergonomic Design
- Without any moving parts to wear out
- Operate with a 100-meter data transmission range
- Excellent Scanning Performance starting at 0.1mm (4 mil)
- Support GS1 databar (RSS) & CS (Composite Symbology) barcodes
- 450 scans per second
- 0 ~ 250 mm scanning distance
- Readable Under Sun Light

Argox PT-90

Windows Ce.Net Mobile Computers

- Windows CE.NET 6.0 operation systems
- Marvell CPU PAX310 806 Mhz processor
- 256 MB RAM, 256 MB ROM
- Low Power Transflective TFT 24 bits color LCD, 240x320 with touch screen
- Ergonomic, compact, robust and lightweigt
- Bluetooth and Wifi technology
- 1.8 mt (6 ft) drop resistance
- IP65 protection class
- Free Data Collection Software

Argox PT-60

Windows Ce.Net Mobile Computers

- Windows CE.NET 5.0 operation systems
- Arm9 Core 266 Mhz processor
- 128 MB RAM, 128 MB ROM
- 2,4 inch (320X240) with touch screen
- Wifi technology
- 1D CCD Barcode Scanner
- IP54 protection class
- Free Data Collection Software

Zebex Z-7010

Fixed Computer (Price Checker)

- Windows CE.NET 5.0 operation systems
- Intel PXA-270 (520 Mhz) processor
- 64 MB RAM, 64 MB ROM
- 5.7" TFT VGA color touch panel
- A PoE Enabled networking device
- Equipped with stereo speakers for multimedia purpose
- Free Price Checker Software

Zebex Z-2121

Batch Mode Data Collector

- 1D Laser Barcode Scanner
- Convenient, one-handed operation
- Ergonomic, modern cellular phone styling
- Built-in 96-character LCD
- 2 MB internal memory
- Extended battery life enables over 100 hours of scanning
- Programmable features
- 125 gr weight

Zebex Z-1170

Batch Mode Data Collector

- 1D CCD Barcode Scanner
- 4000 pcs EAN-13 barcode capacity
- 64 KB RAM, 64 MB ROM
- 0 ~ 300 mm Scan Distance
- Programmable features
- 100 Hours Battery Life (at 12 scans per minute)
- Readable Under Sun Light
- 93 gr weight

Zebex Z-1170 (V2)

Batch Mode/Wireless Data Collector

- 1D CCD Barcode Scanner
- 4000 pcs EAN-13 barcode capacity
- 64 KB RAM, 64 MB ROM
- 0 ~ 300 mm Scan Distance
- Programmable features
- 100 Hours Battery Life (at 12 scans per minute)
- Readable Under Sun Light
- 93 gr weight
- **Wireless communication (Bluetooth)**

Bitatek IT-8000

Windows Ce.Net Mobile Computers

- Windows CE.NET 5.0 operation systems
- Marvell CPU PXA270 624 Mhz processor
- 128 MB RAM, 256 MB ROM
- With LED Backlight TFT Color LCD, 240x320 with touch screen
- Ergonomic, compact, robust and lightweight
- Bluetooth and Wifi technology
- 1.2 mt (4 ft) drop resistance
- IP54 protection class
- Free Data Collection Software

Bitatek IT-9000

Windows Ce.Net Mobile Computers

- Windows CE.NET 5.0 (Core Version) operation systems
- Marvell CPU PXA270 312 Mhz processor
- 64 MB RAM, 64 MB Flash ROM +2GB Flash Storage
- With LED Backlight TFT Color LCD, 240x320 with touch screen
- Ergonomic, compact, robust and lightweight
- 1.2 mt (4 ft) drop resistance
- IP54 protection class
- Free Data Collection Software

Unitech PA-600 (Phone Edition)

Mobile Computer

- Microsoft Windows Mobile 6.1 operation systems
- Intel PXA-270 (624 Mhz) proccessor
- 128 MB SDRAM, 576 MB Flash ROM
- 3,5 Inch QVGA, with touch screen-Color LCD Display
- Wifi, Bluetooth, GPRS (Edge) and GSM technology
- 1,2 mt (4 ft) drop resistance
- IP64 Protection Class
- 1D Laser Barcode Scanner
- **Free Data Collection Software**

Unitech HT-680

Windows Ce.Net Mobile Computers

- Windows CE.NET 5.0 operation systems
- Marvell CPU PXA270 520 Mhz proccessor
- 128 MB RAM, 512 MB ROM
- 2,8 Inch QVGA, with touch screen-Color LCD Display
- Ergonomic, compact, robust and lightweight
- **Bluetooth** and **Wifi** technology
- 1.2 mt (4 ft) drop resistance
- IP54 protection class
- **Free Data Collection Software**

Unitech PA-500II

Mobile Computer

- Microsoft Windows Mobile 6.5 operation systems
- Intel PXA-320 (806 Mhz) proccessor
- 256 MB SDRAM, 512 MB Flash ROM
- 3,5 Inch QVGA, with touch screen-Color LCD Display
- Ergonomic, compact, robust and lightweight
- 90 cm (3 ft) drop resistance
- Without Barcode Scanner
- **Free Data Collection Software**

Unitech PA-690

Mobile Computer

- Microsoft Windows Mobile 6.5 operation systems
- Intel PXA-320 (806 Mhz) processor
- 256 MB SDRAM, 512 MB Flash ROM
- 3,8 Inch (800 x 480 pixel) WVGA, High Resolution LCD Display
- **Wifi, Bluetooth, RFID, GPRS (3,5G), GSM, GPS technology**
- 1,5 mt (5 ft) drop resistance
- IP65 Protection Class
- 5MP Autofocus Camera with Flash
- **Free Data Collection Software**

Unitech PA-968II

Mobile Computer

- Microsoft Windows Mobile 6.5 operation systems
- Intel PXA-320 (806 Mhz) processor
- 256 MB SDRAM, 512 MB Flash ROM
- 3,5 Inch (640 x 480 pixel) VGA, High Resolution LCD Display
- **Wifi, Bluetooth, RFID, GPRS (3,5G), GSM, GPS technology**
- 1,5 mt (5 ft) drop resistance
- IP65 Protection Class
- Lightweight Aluminum-Magnesium Alloys Design
- Optional Intelligent Modularized Keypads
- 2 MP Camera with Flash
- **Free Data Collection Software**

Unitech PA-550

Mobile Computer

- Microsoft Windows Mobile 6.5 operation systems
- Intel PXA-320 (806 Mhz) processor
- 256 MB SDRAM, 512 MB Flash ROM
- 2,8 Inch QVGA, with touch screen-Color LCD Display
- Ergonomic, compact, robust and lightweight
- Wifi, Bluetooth, GPRS (3.5G), GPS technology
- 1,2 mt (4 ft) drop resistance
- 5 Megapixel Camera
- 1D Laser Barcode Scanner
- **Free Data Collection Software**

Aclas PP7

Desktop Receipt/Pos Printer

- Direct thermal printing
- Max. 72 mm printing width
- Max. 250 mm /sec printing speed
- RS-232C, USB Wifi LPT, Ethernet and Bluetooth port options
- ESC/POS support
- Auto Cutter
- Paper outlet waterproof

Aclas PP8

Portable Receipt/Pos Printer

- Direct thermal printing
- Max. 72 mm printing width
- Max. 60 mm /sec printing speed
- RS-232C and Bluetooth port options
- ESC/POS support

Datalogic QuickScanLite Qw2100

Imager Barcode Scanner

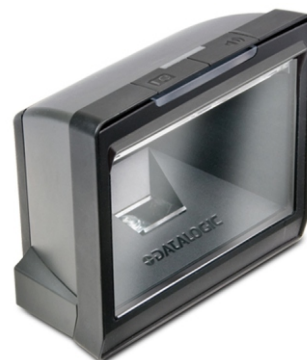

- 1D Imager barcodeScanner
- Light weight, ergonomic design
- 400 Scan per second
- 0,1 mm (4 mil) resolution
- 25 ~ 600 mm scanning distance
- Laser-like thinner and extended scan line
- IP42 Standart
- Shockproof to 1,5 meters

Datalogic Magellan 800i

Imager Barcode Scanner

- 1D Imager barcodeScanner
- 752 x 458 Pixel Image Capture
- Aggressive scanning performance
- Advanced Data Formatting
- Read the phone and PC screen
- Support both omnidirectional and single-line scanning
- IP52 Standard
- Shockproof to 1,2 meters

Datalogic Magellan 3200VSi

Imager Barcode Scanner

- 1D/2D Imager barcodeScanner
- 1280 x 1024 Pixel Image Capture
- Aggressive scanning performance
- Advanced Data Formatting
- Read barcodes from mobile phone and PC screen
- IP52 Standard
- Shockproof to 1,2 meters
- Upgradable capability with MicroSD card

Datalogic Magellan 2200VS

Omnidirectional Laser Barcode Scanner

- 1D Omnidirectional laser barcode scanner
- 1400 Scan per second
- Aggressive scanning performance
- Advanced Data Formatting
- Shockproof to 1,2 meters
- To connect to an external barcode scanner

Datalogic I GD4400 2D

Imager Barcode Scanner

- 2D/Imager barcode Reader
- 400 Scan/Sec
- 0,1 mm (4 mil) Resolution
- 25 ~ 600 mm Scanning Distance
- IP42 Standart
- Shockproof to 1,5 meters
- USB Interface

Datalogic Gm4440

Wireless & 2D Barcode Scanner

- 1D/2D Wireless Barcode Scanner
- Datalogic STAR Cordless System™ with up to 30 m / 98 ft range
- Radio frequencies available in 433 MHz or 910 MHz
- Point-to-point and multi-point transmission
- Advanced motion tolerance optics: 60 frames per second
- Reads 1D, 2D and postal codes
- User-replaceable, long lasting LithiumIon battery with up to 60,000 scans per charge
- Drop resistance to 1.8 m / 5.9 ft

Thermotransfer carbon ribbons
